February 16, 2022

**Noodles encourages guests to try something new with its Goodness Guarantee--a promise that if you don't love your meal, Noodles will replace it with something you do**

BROOMFIELD, Colo., Feb. 16, 2022 /PRNewswire/ -- [Noodles & Company](#), (NASDAQ: NDLS) the national fast-casual brand known for serving globally inspired dishes made fresh to order, launched today two bold, craveable salads to its menu at all 450 nationwide locations. Noodles tested these new flavor-packed fresh salads last summer at select locations, and after overwhelming approval by guests, the new Asian Apple Citrus Salad with Chicken and Mexican Street Corn Salad with Chicken are here to stay.

The introduction of these two new salads complement Noodles' current salad line-up, which includes Grilled Chicken Caesar and The Med Salad with Chicken.

### Fresh Craveable Flavors

"Noodles truly has something on the menu for everyone, and with the expansion of our salad options, we now have even more delicious options to meet our guests' lifestyle and health goals," said Nick Graff, vice president of culinary and executive chef at Noodles & Company. "While we have long been known for our noodles, our salads have gained a strong following over the years, and I think these two new options will have even more people discovering just how craveable veggies can be. And we're so confident that our guests will love them that we have created a Goodness Guarantee — if an order is ever not quite what the guest expected, bring it back and we'll replace it. That's our guarantee."

Noodles & Company's fresh new salads unleash the goodness of veggies with flavorful ingredients:

- Asian Apple Citrus Salad with Chicken – Tuscan greens and kale mix tossed in a ginger citrus dressing with grilled chicken, diced apple, cucumber, and slaw made from broccoli, carrots, and red cabbage. Topped with fresh avocado, crispy chow mein noodles, and black sesame seeds.
- Mexican Street Corn Salad with Chicken – Tuscan greens and kale mix tossed in cotija cheese dressing with grilled chicken, roasted corn, Roma tomato and topped with avocado, feta, chipotle cheddar tortilla strips, and cilantro.

### Something for Everyone

From lighter veggie noodle options to classic dishes such as Wisconsin Mac & Cheese and Pesto Cavatappi, Noodles has something for every lifestyle and dietary preference. All dishes at Noodles can be customized, allowing guests to easily substitute zoodles and cauliflower noodles into their favorite dish or to go all out by adding more fresh veggies, extra sauce, double protein, and so much more. Noodles also offers its famed Wisconsin Mac & Cheese as a side, making it the perfect option for guests craving a salad and a little indulgence on the side, too.
